Auditors

The County Judge, John Huey and Robt. Richardson, Sarnia

Suggestions to Magistrates and Constables

Inasmuch as Constables' accounts are often thrown out by the Board of Audit, owing to defects in the certificates of the Magistrates who vouch for the services performed, it is important that the following suggestions be carefully observed:

All UNNECESSARY PORTIONS of the Printed Certificates should be struck out before they are signed, so that it shall appear whether:

(a) The prisoner was COMMITTED FOR TRIAL, or,

- (b) Committed for a certain period, or
- (c) Discharged, or
- (d) Whether he was admitted to bail.

Magistrates would greatly assist constables in obtaining payment of their accounts if they would see that the following requirements are observed, when the accounts are submitted to them to be certified:

1. The NAME of the prisoner set out.
2. The OFFENSE with which he was charged.
3. The MILEAGE to and from any particular place, giving the town, village, lot and concession of township, etc.
4. The affidavit to be made by the constable, carefully filled up, and the DATE given in JURAT.
5. The day, the month and year must be given for each particular item of account.
6. Claims against the COUNTY not to be included with those against the Government.
7. As blank forms are now printed on two-third sheets, it is suggested that in criminal matters every case shall have a separate sheet.
8. Claims in respect of INQUESTS must not be included with any other claim.

Magistrates, in making their quarterly returns to the Clerk of the Peace, will oblige by informing him at the same time of any Justices or Constables who have died or left the County since the last return.
